PERCENT OF STATE POPULATION ENROLLED

STATE SPENDING PER CHILD ENROLLED (2018 DOLLARS)

## OVERVIEW

Illinois preschool enrolled 75,139 children in 2017-2018, an increase of 3,132 children from the prior year. State funding totaled \$346,097,978, up \$31,330,320 (10%), adjusted for inflation, since last year. State spending per child equaled \$4,606 in 2017-2018, up \$235 from 2016-2017, adjusted for inflation. Illinois met 8 of 10 quality standards benchmarks.

## WHAT'S NEW

The Illinois General Assembly appropriated an additional \$50 million dollars to the Early Childhood Block Grant (ECGB) for the 2017-2018 school year, resulting in an enrollment increase of over 3,500 children. In addition, the Illinois legislature passed legislation addressing chronic absenteeism and suspension and expulsion in preschool programs. Also, the Illinois Office of the Governor was awarded \$3,702,937 under the Preschool Development Grant Birth through Five in December 2018.

## BACKGROUND

The Illinois Prekindergarten Program for At-Risk Children was founded in 1985. The Illinois Preschool for All initiative began in 2006 with the goal of providing pre-K to all 3- and 4-year-olds by 2012. The program operates now in all counties, however, enrollment priority continues to be for children who are considered at-risk. This is due to budget constraints preventing the ability to serve all children who might wish to attend. The program is funded through the state Early Childhood Block Grant (ECBG), which also supports the Prevention Initiative for children birth to age three. ECBG funding must be used to serve children age three or younger, in addition to 4-year-olds.

Funding for Preschool for All is awarded on a competitive basis to public schools, private child care, Head Start, faith-based centers, higher education institutions, and regional offices of education. To be eligible, children must have at least two risk factors, such as low income, history of family neglect, violence, or abuse, exposure to drug or alcohol abuse in the family, developmental delays, low parent education, and homelessness or unstable housing. A second level of priority for Preschool for All enrollment includes families with incomes at 400% of FPL, but currently there is no funding available for programs to serve children at this second priority level.

Preschool for All programs are required to provide instruction in children's home language if there are 20 or more English Language Learners (ELLs) with the same home language enrolled in a program. All pre-K teachers are required to meet bilingual education certification requirements. Language of instruction is determined locally if there are fewer than 20 ELLs with the same home language, however English as a Second Language and other home language supports may be provided.

Federal grant funding has supported enhancement in both preschool program implementation and access in Illinois. The Preschool Development Grant, awarded to Illinois in 2014, supported 2,745 new preschool slots and 2,170 enhanced preschool slots during the 2017-2018 school year. In addition, Race to the Top grants allowed Illinois to implement a Quality Recognition and Improvement System (QRIS) called ExceleRate Illinois, revise and align the Illinois Early Learning and Development Standards with Common Core State Standards and the Head Start Framework, and, in the 2017-2018 school year, implement the Kindergarten Individual Development Survey (KIDS) assessment.
