

Northern Mariana Islands

NO PROGRAM

Although the Commonwealth of the Northern Mariana Islands (CNMI) does not provide state-funded preschool as defined in this report, the territory does support early education in other ways. Since 1984, the CNMI Public School System has operated the Head Start program, operating in 10 centers across multiple islands, providing center-based services four days per week, 152 days per year, in both the morning and the afternoon. The CNMI Head Start program served approximately 462 preschool-aged children in 2015-2016 and also provided specialized services for young children with special needs.

CNMI have early learning guidelines for children birth through age 5 which address multiple domains including logic and reasoning, social studies, physical development and health, language development, literacy, mathematics, science, English language development, social and emotional development, approaches to learning, and creative arts expression. The guidelines are aligned with the Head Start Child Development and Learning Framework.

CNMI is currently developing a quality rating and improvement system (QRIS). Program quality assessment tools are also used for quality assurance and monitoring, which will be one component of the QRIS.
